

## Assessment Scores Report – NECAP Growth!

Assessment Scores Report: You can use the Assessment Scores Report to understand the growth of a group of students. This example was run for the Oct 2011 7th grade NECAP to look at growth for the students who attended a teachers 2010-11 sixth grade math class. You hope to see lots of the teacher's students growing at a percentile faster than similar students in the state.
